The Sage logo, consisting of the word "sage" in a lowercase, teal-colored, sans-serif font.

Your on-the-go quoting solution

Balancing customer relations and their queries can be time-consuming. Meetings take place and then, only once back at the office can customised quotations be sent. Our Quote on Air module can assist your sales force in working smarter and more efficiently by assisting them in producing standardised, professional quotes on-the-go! The module can be used in online or offline mode which means your sales force can enjoy complete mobility without being dependent on internet connectivity.

## Key Features and Benefits

- Our module stores all of your quotes on the web so you can view them anywhere, any time using a drag and drop interface
- Multiple proposals can be sent to a customer and the customer can then choose which to accept
- It synchronises with your Sage Evolution database so there are no double entry hassles
- You can create and build complex product packages based on predefined rules like mandatory lines, fixed unit count etc.
- Payment and financing options can be sent with each quote
- Develop and create powerful quote layouts to be used when sending out quotes
- Customers can view, approve or reject multiple quotes online keeping your sales pipeline up-to-date in real-time.
- Quotes / orders will sync with Sage CRM for Sage Evolution
- Dashboards allow you to view pertinent information like pipeline and sales target progress, all at a glance
- Keep communication flowing between your sales force with in-app news feeds and incident logging
- Our module offers access-controlled reporting with full drill down capability
